Historical Photo Gallery**Andre de Dienes**

In 1945 Andre de Dienes hired a then 19-year-old Marilyn Monroe for her first modeling job. Known then as Norma Jean, the two went out on a five week road trip through California, Nevada and New Mexico. Photographs from the trip were printed on magazine covers throughout the world. Marilyn continued to work with de Dienes until 1953. Photographs taken by him are still highly sought after by fans and admirers of Marilyn Monroe.

Harold Lloyd

At one point during his photography career, Harold Lloyd took pictures of Marilyn Monroe lounging poolside in a bathing suit. These photographs were not published until after their deaths but are now in great demand by fans of Marilyn Monroe.

**George Barris**

George Barris was collaborating on a book with Marilyn at the time of her death. He had photographed her extensively, and many say these are some of the last photographs ever taken of her.
